

Amendments to the Drawings:

Applicants have enclosed four replacement drawing sheets for Figures 2 through 4b.

Applicants propose to substitute these drawings for the current versions of Figures 2 through 4b.

In the Office Action dated January 30, 2004, the Examiner objected to Figures 2-4b because "they fail to show necessary textual labels of features or symbols." The enclosed replacement drawings have been amended to include textual labels in accordance with the specification of the application. As such, Applicants submit that the Examiner's objections to the drawings have been overcome.
